

## HOMEWORK POLICY

---

### Rationale

---

Our homework policy has been adopted to ensure that students, staff, parents and visitors attending Lake Monger Primary School understand the expectations surrounding provision of homework

### Background

---

Homework can support higher levels of student achievement by extending the time available for students to consolidate skills and concepts learned at school. It also extends the time available for the exploration of new ideas and new situations. Homework can also extend the time available to the teacher for the monitoring of student progress. Homework can facilitate effective study habits, especially in the upper years when students are transitioning to High School.

Many community members see homework as tangible evidence that the school cares about the educational progress of students. Homework can also be a means of furthering school-home relationships and can assist in keeping parents informed about the student's learning program and progress.

### Our Expectations

---

Homework should:

- support the development of the student's independence as a learner;
- further the partnership between school and home;
- avoid dependence on unreasonable levels of parental assistance or resources that are not readily available to the student;
- be set without impinging on reasonable time for family, recreational, cultural and employment pursuits relevant to the student's age, development and educational aspirations;
- be balanced across learning areas so as to avoid stress and overload;
- be phased in gradually and consistently as students move through the primary years;
- be consistently applied, monitored and assessed in a whole-school approach that is responsive to individual needs and learning area requirements;
- only be used to facilitate the achievement of learning outcomes;
- form part of a developmental learning program that is responsive to individual needs, clearly relevant, supported by classroom practice and, where appropriate, developed in collaboration with students; and
- be disassociated from any form of punishing students or means of securing discipline.

Students will:

- complete homework to the best of their ability
- communicate with teachers if there are any difficulties completing homework
